Vanessa Able wanted a truly independent Indian

adventure, but nothing prepared her for the noise, chaos and terror of driving 10,000 km around the subcontinent or for finding the love of her life. Behind the wheel of a yellow Tata Nano (the world's cheapest car), Vanessa steers the reader through a hilarious, high-octane adventure. Taking any help she can get from loopy spiritual gurus to professional driving instructors, and even a divine insurance policy she drives her way around an alien road network through India's white-knuckle traffic where vehicle size, full-beam lights and roads that simply disappear seem to trump all common sense.

Narrowly escaping death by truck, she learns the real rules of the road, the vehicle pecking order, what to do when the SH11T hits the fan and to appreciate the true kings of the dusty tarmac: the bullocks. En route, she falls hopelessly in love with a mathematician named Thor who might be, ironically, the worst driver she's ever met. Their romance does not start promisingly the first rendezvous is interrupted by that universal passion-killer, Delhi belly but will they survive unexpected sheep-jams, a car full of elephant slime, and the endless cacophony of horns?

Bobby Cinema has written seven detective stories in one book about each different character going through solving a difficult case, being in the action and deal with real intensive stuff they had to go through from solving cases. For these seven ordinary detectives and their team, their work usually ends up in a library, which is their sanctuary and a place to read and relax at the same time. The first detective series is called Raymond: Librarian PI. Ray Levenstein, a former FBI agent, took over the head librarian job from his friend Jerry who helped him get in the LAPD police academy and became his mentor when he grew up. He was forced into retirement when he was shot in the line of fire when he was a FBI agent. Ray was well respected and highly decorated as an FBI agent, but he decided to retire at a young age of thirty-five. He took over Jerry's job as a head librarian in the Los Angeles Public Library and decided to run a detective agency in his library since he has a PI license. He hires Kevin Sandler, Nick Arbuckle, and Alyson Harris who joined the PI team. Thank you for reading the Seven Librarian Detective series. I hope you enjoy reading them. Who knows, maybe I can come up with another princess story in another time. This is my seventh book that I turn my seven librarian detective stories in one book. See you next time, and the library is now closed. Good-bye!

road 4x4 SUV. The author details the buildup, right combination of parts and products, and modifications necessary to build an aggressive off-road rig. He also shows how to weld and gusset the frame in critical areas. Installing a three- and four-link suspension system is also profiled so the Cherokee delivers greater travel and better off-road handling. Suspension and frame modifications are necessary to run large wheels and tires. And these wheels and tires are essential for traction, performance, and ground clearance in extreme off-road situations. Swapping in Dana 44, Dana 60, and Ford 9-inch axles delivers superior performance and durability, which is covered as well. In addition, how to modify the Jeep inline 6-cylinder engine for increased displacement and performance is revealed. All of the most popular and effective mods, parts, and upgrades for a dedicated off-road Cherokee are covered. If you've been looking for the one guide to build the most capable off-road Cherokee, you've found it.

The new Dodge Charger, Challenger, and other LX-platform cars bring modern V-8 performance to unparalleled heights, and the new Challenger and Charger Hellcats are the most powerful American production cars today. The outrageous performance and audacious styling has earned a large and dedicated following. However, you can tune and

modify the Chrysler 300, Dodge Magnum, Charger, and Challenger for more performance, and for many owners, fast is not fast enough. In the pursuit of a higher-performing LX-platform car, former Mopar Muscle editor Randy Bolig has created this book to show you how to extract ultimate performance from these cars. Chrysler has built more than one million Chargers, Challengers, and other full-size-platform cars starting with the Dodge Magnum and Chrysler 300. These cars offer competent handling, braking, and suspension performance, but they can be made much better through a set of targeted upgrades using better aftermarket equipment. Bolig gives you a comprehensive guide to the cars and engines. He details the features, benefits, and drawbacks of each package or set of upgrades, so you select the best modification for your car, application, and budget. He also covers basic to extreme modifications for the R/T and SRT8 models with the 5.7-, 6.1-, and 6.4-liter Hemi engines. Guidance for installing heads, rotating assemblies, ignition upgrades, higher-performance injectors, and many other parts are provided. But, this book doesn't just discuss performance; it shows you how to do it with comprehensive, step-by-step product installs for a cat-back exhaust system, hand-held ignition tuner, cold-air intake, and supercharger. If you have been searching for the best performance package to make your Charger, Challenger, or full-size Chrysler car

Lords Of Chaos It was big news in Ft. Myers, Florida when an abandoned historic building was destroyed by vandals in a spectacular blast. Behind it lay the Lords of Chaos, a band of teenage misfits led by Kevin Foster, 18, a vicious hater who idolized Oklahoma City bomber Timothy McVeigh and was known as "God" to his five-man gang. Vortex Of Violence The explosion was only one episode in a month-long crime spree that began with vandalism and theft, escalating into what a local sheriff later called "a vortex of bloodlust and arson." The rampage culminated in the brutal shotgun murder of high school band director Mark Schwebes, 32.

Police busted the gang before they could unleash a planned racist mass murder at Disney World--but their leader wasn't done yet. Compulsion To Kill Author Jim Greenhill conducted extensive interviews with Kevin Foster on Florida's Death Row. In an astounding development, Greenhill was solicited by the prisoner and his mother Ruby Foster to arrange the killings of three witnesses, leading to a new case against Foster in 2002. Here is the chilling inside story of how a pack of teenage losers found a way to succeed--at murder. . . 16 Pages Of Shocking Photos Praise for Jim Greenhill and Someone Has to
