

David And Goliath Malcolm Gladwell

An exploration of how technology and best intentions collide in the heat of war A New York Times Book Review Editors' Choice In *The Bomber Mafia*, Malcolm Gladwell weaves together the stories of a Dutch genius and his homemade computer, a band of brothers in central Alabama, a British psychopath, and pyromaniacal chemists at Harvard to examine one of the greatest moral challenges in modern American history. Most military thinkers in the years leading up to World War II saw the airplane as an afterthought. But a small band of idealistic strategists, the "Bomber Mafia," asked: What if precision bombing could cripple the enemy and make war far less lethal? In contrast, the bombing of Tokyo on the deadliest night of the war was the brainchild of General Curtis LeMay, whose brutal pragmatism and scorched-earth tactics in Japan cost thousands of civilian lives, but may have spared even more by averting a planned US invasion. In *The Bomber Mafia*, Gladwell asks, "Was it worth it?" Things might have gone differently had LeMay's predecessor, General Haywood Hansell, remained in charge. Hansell believed in precision bombing, but when he and Curtis LeMay squared off for a leadership handover in the jungles of Guam, LeMay emerged victorious, leading to the darkest night of World War II. *The Bomber Mafia* is a riveting tale of persistence, innovation, and the incalculable wages of war.

This book uncovers the hidden rules that shape the balance between the weak and the mighty and the powerful and the dispossessed. In it the author challenges how we think about obstacles and disadvantages, offering a new interpretation of what it means to be discriminated against, or cope with a disability, or lose a parent, or attend a mediocre school, or suffer from any number of other apparent setbacks. He begins with the real story of what happened between the giant and the shepherd boy (David and Goliath) those many years ago. From there, the book examines Northern Ireland's Troubles, the minds of cancer researchers and civil rights leaders, murder and the high costs of revenge, and the dynamics of successful and unsuccessful classrooms, all to demonstrate how much of what is beautiful and important in the world arises from what looks like suffering and adversity. -- From book jacket.

Er is meestal maar een klein zetje nodig om de bal aan het rollen te krijgen. Wie het beslissende moment herkent, heeft een recept voor succes in handen. Hoe wordt een onbekende debutant een bestsellerauteur? Waarom is een televisieprogramma als *Sesamstraat* zo goed om kinderen te leren lezen? Malcolm Gladwell onderzoekt waarom grote veranderingen vaak zo plotseling beginnen. Ideeën, gedrag, meningen en producten verspreiden zich als ziektes. Zoals één zieke een griepepidemie kan starten, zo kan één graffitimaker de criminaliteit doen toenemen of één tevreden klant de lege tafels in een restaurant vullen. Het beslissende moment leest als een avonturenverhaal vol aanstekelijk enthousiasme over de macht van nieuwe ideeën. Het is een kaart voor verandering, met een hoopvolle boodschap: één creatieve persoon kan de wereld veranderen.

In the past decade, Malcolm Gladwell has written three books that have radically changed how we understand our world and ourselves: *The Tipping Point*, *Blink*, and *Outliers*. Regarded by many as the most gifted and influential author and journalist in America today, Gladwell's rare ability to connect with audiences of such varied interests has ensured that each title become a phenomenal bestseller with more than ten million copies in print combined. Now, Gladwell's landmark investigations into the world around us are collected together for the first time. Beautifully repackaged and redesigned, including for the first time illustrations throughout each book, *MALCOLM GLADWELL: COLLECTED* is a perfect treasury of prose and provocation for Gladwell fans old and new.

Online Library David And Goliath Malcolm Gladwell

Includes summary, analysis, and a short quiz about Malcolm Gladwell's book David and Goliath: underdogs, misfits, and the art of battling giants.

Summary of David and Goliath David and Goliath is another book written by renowned and famous writer, Malcolm Gladwell. The author is famous for his previous works: The Tipping Point, Blink, and Outliers. Just as his previous works, David and Goliath is another 'in depth' book in which Gladwell explains some truths and facts about ourselves and our minds that we did not know. Many of us know the story about the two biblical characters, David and Goliath. In his new book the author uses the example of David and Goliath in order to explain and describe to us that our achievements can be a lot better than they are now. There are many examples in our lives in which underdogs beat and win over those who seem better and stronger. The question is – how does that happen? What makes this happen? We will find the answer to that question (and many others) in the summary below. This summary consists of several parts. The second part (after the introduction) is the main part – the summary section where we will summarize the book. After the summary we will have the book analysis, short quiz with answers, and the conclusion of the book. I hope that our readers will enjoy reading this summary and decide to read the original book. Here is a Preview of What You Will Get: ? A Full Book Summary ? An Analysis ? Fun quizzes ? Quiz Answers ? Etc Get a copy of this summary and learn about the book.

Imagine 2 scenarios In the first one you have just finished reading David and Goliath by Malcolm Gladwell. It was a great book and you remember that it mentioned a lot of smart things. But you can't remember much of it now as you close the book. Even less a few weeks after. In the second scenario you have just finished the same book. The difference now is that you have a deep understanding for what you have read, structured notes about key takeaways and a great reference for the future. Most people will find themselves in scenario one after finishing a book. This is because there is a big difference between reading a book and really reading a book. We believe that reading is an investment. You spend time with a book because you hope that it will make you happier, healthier, wealthier or smarter. But simply just reading a great book is not enough. You have to understand how the information applies to your life and take notes to help you remember. DIY Summary helps you do just that and makes it easier for you to get value from the books you read.

Wanneer is het goed dat je een ongelukkige jeugd had? Hoe komt het dat zoveel dyslectici buitengewoon succesvol zijn? Denk nog eens goed na of je je kind wel naar de beste school wilt sturen! En waarom zijn de echte toptalenten zo vaak door diepe dalen gegaan? We weten allemaal dat de underdog soms wint: kijk maar naar het verhaal van David en Goliath. En we zien het soms zelf gebeuren maar zien we het goed? In dit boek onthult Malcolm Gladwell de verborgen regels die bepalen wie er succes heeft. Met inzichten uit psychologie, geschiedenis, business en politiek is David en Goliath een schitterend geschreven boek over de onverwachte kracht van het zwakke, kleine en onconventionele.

From the bestselling author of Blink and The Tipping Point, Malcolm Gladwell's Outliers: The Story of Success overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. Outliers will

change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times

WARNING: This is not the actual book David and Goliath. Do not buy this unofficial Summary, Review & Analysis until you first have a copy of this great book. As you read David and Goliath, Save Time Summaries is the perfect companion to help you get the most out of the book. We have pulled out some of the key take-away points and insights to give you a comprehensive chapter-by-chapter summary, analysis and review as you read this fascinating book. In doing so, unfortunately we do not have the space to include all of the many important ideas and anecdotes found in the book. To get it all, you should first order the full book. Packaged together in an engaging and easily digestible format, this concise summary, review & analysis works best as an unofficial guide or companion to read alongside the book. In David and Goliath: Underdogs, Misfits, and the Art of Battling Giants, author Malcolm Gladwell once again challenges conventional ways of thinking by providing paradigm-shifting examples of how things are not always what they seem. In Outliers, he challenged the notion of innate talent; in The Tipping Point, he showed that trends do not start by accident; and in Blink, he demonstrated why first impressions are often the most correct ones. Malcolm Gladwell's books all have an air of rebelliousness to them, a sense of sticking a thumb in the eye of widely accepted mainstream thought. David and Goliath is no exception. Again and again, Gladwell provides evidence that our assumptions about power, authority, strength, advantages, and disadvantages might be completely backwards. Here's your chapter-by-chapter guide that you can download and read alongside David and Goliath right now!

In hun internationale megasellers Freakonomics en SuperFreakonomics toonden Levitt en Dubner aan dat alledaagse problemen vaak opgelost kunnen worden door gedrag dat tegen elke normale intuïtie indruist. In Think like a freak wordt onze gangbare wijze van denken opnieuw op zijn kop gezet en leert de lezer geleerd te denken als een freak, een zonderling, en waarom dat nuttig is. Levitt en Dubner analyseren de beslissingen die we nemen, de plannen die we maken, de moraal die we erop nahouden, en ze tonen aan dat hun inzichten kunnen worden toegepast in ons dagelijks leven, waardoor we slimmere en betere besluiten nemen. Het boek bevat een gereedschapskist met instrumenten voor beter leven en denken. Zo leren we wat de voordelen zijn van iets op te geven in plaats van door te zetten en hoe we succesvol kunnen zijn in iets waar we geen talent voor hebben.

Welcome to the gym for essential power. Just like reading about exercising in the gym will not make you stronger, so... To the same extent, reading about utilizing strengths will not help you to change your behavior. You must practice, memorize, and make invincible conclusions. This is the primary goal of this booklet! The practice booklet I prepared for you will help you do just that. It is designed to provide a training platform for turning weakness into power. Scroll down the page to watch my video before you buy, I am sharing my story, and my WHY? Then click BUY NOW! So you can start taking action for the change you desire so much. Nog voordat u deze tekst begon te lezen, heeft u eigenlijk al besloten of u dit boek wilt kopen. En deze woorden zullen u alleen maar sterken in een besluit dat vrijwel onmiddellijk tot stand kwam. Hoe kan dat? En wat is dat oordeel waard? Intuïtie betekende de doorbraak voor Malcolm Gladwell in Nederland. Het is een boek dat werkt op verschillende niveaus. Het legt uit hoe besluitvorming werkt: in het persoonlijke leven maar ook op het werk, op straat, of in een bedrijf. Gladwell laat overtuigend zien hoe we erin kunnen slagen betere besluiten te nemen.

From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. "A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world." —Michael Lewis

What is the difference between choking and panicking? Why are there dozens of varieties of mustard-but only one variety of ketchup? What do football players teach us about how to hire teachers? What does hair dye tell us about the history of the 20th century? In the past decade, Malcolm Gladwell has written three books that have radically changed how we understand our world and ourselves: *The Tipping Point*; *Blink*; and *Outliers*. Now, in *What the Dog Saw*, he brings together, for the first time, the best of his writing from *The New Yorker* over the same period. Here is the bittersweet tale of the inventor of the birth control pill, and the dazzling inventions of the pasta sauce pioneer Howard Moscovitz. Gladwell sits with Ron Popeil, the king of the American kitchen, as he sells rotisserie ovens, and divines the secrets of Cesar Millan, the "dog whisperer" who can calm savage animals with the touch of his hand. He explores intelligence tests and ethnic profiling and "hindsight bias" and why it was that everyone in Silicon Valley once tripped over themselves to hire the same college graduate. "Good writing," Gladwell says in his preface, "does not succeed or fail on the strength of its ability to persuade. It succeeds or fails on the strength of its ability to engage you, to make you think, to give you a glimpse into someone else's head." *What the Dog Saw* is yet another example of the buoyant spirit and unflagging curiosity that have made Malcolm Gladwell our most brilliant investigator of the hidden extraordinary.

In 'Praten met vreemden' laat Malcolm Gladwell zien dat het regelmatig misgaat als we geconfronteerd worden met onbekenden. Steeds weer blijkt dat we totaal niet toegerust zijn om vreemden open en onbevooroordeeld tegemoet te treden. We schatten mensen verkeerd in, herkennen leugens vaker niet dan wel, interpreteren gezichtsuitdrukkingen niet goed en blijven hangen in onze eerste indruk. En de conflicten en het onbegrip die daar het gevolg van zijn, hebben een diepgaand effect op onszelf en op de hele maatschappij. 'Praten met vreemden' is een klassieke Gladwell: een

intellectueel avontuur waarin de auteur ons meeneemt op een reis langs verwarrende ontmoetingen, ingewikkelde puzzels en fatale misverstanden. Gladwell analyseert waar het misgaat en leert ons zo steeds iets meer over de ander – maar vooral ook over onszelf. Een meeslepende gids voor moeilijke tijden.

This is a Summary of the book "David and Goliath: Underdogs, Misfits, And The Art of Battling Giants" by Malcolm Gladwell

Uitblinkers is een stimulerende en verbazende zoektocht naar de herkomst van succes. Vanuit het niets bestaat niet. Wat is er zo bijzonder aan een uitzonderlijke prestatie? Dat lijkt een vreemde vraag, maar met vreemde vragen is Malcolm Gladwell op zijn best. Uitblinkers is een stimulerende en verbazende zoektocht naar de herkomst van succes. En die ligt niet, zoals meestal wordt gedacht, in een bijzonder brein of een verbluffend talent. Uitblinkers hebben iets bijzonders, maar dat zit hem vooral in wat ze meegemaakt hebben: hun cultuur, familie, en alle eigenaardigheden waarmee ze in aanraking zijn geweest. De geheimen van de softwaremiljardair, de briljante voetballer, de geniale wiskundige en The Beatles zijn níet onbegrijpelijk. In Uitblinkers laat Malcolm Gladwell zien waarom sommige mensen succes hebben, en anderen niet. Zijn beste en bruikbaarste boek: spannende wetenschap, zelfhulp en amusement in één! entertainment weekly Malcolm Gladwell is hij vaste medewerker bij The New Yorker. Daarvoor was hij wetenschapsjournalist bij de Washington Post. Van Het beslissende moment zijn wereldwijd meer dan twee miljoen exemplaren verkocht en Intuïtie stond twee jaar onafgebroken op de New York Times bestsellerlijst. Gladwell won de National Magazine Award en was in 2005 volgens Time een van de honderd invloedrijkste mensen.

Genius Reads offers an in-depth look into the popular novel by Malcolm Gladwell "Best Reads"so you can appreciate it even more!It contains many tantalizing sections such as:-Chapter by Chapter Summary-Trivia Questions and moreDownload and start reading immediately !!* Note This is an unofficial companion book of Malcolm Gladwell's popular books - it is meant to enhance your reading experience and is not the original book.Malcolm Gladwell's bestselling books reflect how he enjoys writing interesting stories and researches. In his book Talking to Strangers, he emphasized why we often get other people wrong and at the same time, why it is hard to tell when someone's lying right in front of our face. In his book Outliers, he pointed out why other people's achievements are far greater compared to others. He also tried to show that the story of success is far more surprising and inspiring compared to what we usually thought. On the other hand, his book David and Goliath highlights how advantages may turn to disadvantages, and how a disadvantage can become an advantage sometimes.

The must-read summary of Malcolm Gladwell's book: "David and Goliath: Underdogs, Misfits, and the Art of Battling Giants". This complete summary of the ideas from Malcolm Gladwell's book: "David and Goliath" explains that outsiders

can win over obvious leaders. It shows that a perceived advantage can, in the end, turn out to be a disadvantage. Gladwell illustrates this theory with the story of David and Goliath. When confronting powerful opponents, instead of wondering if they have more power than you, the question you should be asking yourself is if there is a way that you can play by your own rules. For Gladwell, the key to defeating a powerful competitor is to avoid confronting them outright. Added-value of this summary: • Save time • Understand the key concepts • Turn your underdog status into a strength To learn more, read "David and Goliath" and find out how to play by your own rules.

Summary, Analysis & Review of Malcolm Gladwell's David and Goliath by Instaread Preview: Malcolm Gladwell's David and Goliath: Underdogs, Misfits, and the Art of Battling Giants is a book about perceived disadvantage. People with few resources or certain disadvantages may seem weak and unlikely to win. However, in many cases, the same factors that make underdogs seem weak gives them built-in advantages. Underdogs are much more likely to win than people think. In the biblical battle between David and the giant Goliath, David won because he refused to play by the rules of the powerful. He used a deadly sling rather than engaging in honorable hand-to-hand combat. The weak often feel free to adopt scrappy, unexpected tactics that the powerful disdain. As a result, powerful nations are often defeated by insurgencies. A major problem for Goliath-like forces is that oppression and the application of violence can lead to greater and more effective resistance. Government rule always depends on some level of legitimacy and... PLEASE NOTE: This is a Summary, Analysis & Review of the book and NOT the original book. David and Goliath Underdogs, Misfits, and the Art of Battling Giants Back Bay Books

Voordat Malcolm Gladwell zijn eerste bestseller Het beslissende moment schreef, was hij al befaamd vanwege zijn stukken in het Amerikaanse tijdschrift The New Yorker. Alle goede ideeën werden eerst in dat tijdschrift getoetst. Maar dan zijn er nog tientallen artikelen over, vol verrassende feiten en fascinerende onderzoeken, en die zijn nu voor het eerst in boekvorm beschikbaar,

langverwacht: het verhaal over de hondenfluisteraar, over hoe je een misdadiger kunt herkennen, over ras en IQ, sollicitatiegesprekken, hoe David van Goliath won, hoe je financieel profiteert van rampen, advertenties en de geschiedenis van de wereld, het verband tussen Duitse filosofen en Saturday Night Live en over de onvermijdelijkheid van noodlottige ongelukken. Wat de hond zag is Gladwell op zijn best: snel, intelligent, verrassend en enorm veelzijdig. '

Persoonlijk relaas van de Amerikaanse auteur, die als kind eerstig werd mishandeld, maar die zijn trauma's wist te overwinnen. Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? *Talking to Strangers* is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

Intuition is not some magical property that arises unbidden from the depths of our mind. It is a product of long hours and intelligent design, of meaningful work environments and particular rules and principles. This book shows us how we can hone our instinctive ability to know in an instant, helping us to bring out the best in our thinking and become better decision-makers in our homes, offices and in everyday life. Just as he did with his revolutionary theory of the tipping point, Gladwell reveals how the power of "blinkers" could fundamentally transform our relationships, the way we consume, create and communicate, how we run our businesses and even our societies. Yours'll never think about thinking in the same way again.

Malcolm Gladwell's provocative new #1 bestseller -- now in paperback. Three thousand years ago on a battlefield in ancient Palestine, a shepherd boy felled a mighty warrior with nothing more than a pebble and a sling—and ever since, the names of David and Goliath have stood for battles between underdogs and giants. David's victory was improbable and miraculous. He shouldn't have won. Or should he? In *DAVID AND GOLIATH*, Malcolm Gladwell challenges how we think about obstacles and disadvantages, offering a new interpretation of what it means to be discriminated against, suffer from a disability, lose a parent, attend a mediocre school, or endure any number of other apparent setbacks. In the tradition of Gladwell's previous bestsellers—*The Tipping Point*, *Blink*, *Outliers* and *What the Dog Saw*—*DAVID AND GOLIATH* draws upon history, psychology and powerful storytelling to reshape the way we think of the world around us.

The bestselling author of *The Bomber Mafia* focuses on "minor geniuses" and idiosyncratic behavior to illuminate the ways all of us organize experience in this "delightful" (Bloomberg News) collection of writings from *The New Yorker*. What is the difference between choking and panicking? Why are there dozens of varieties of mustard-but only one variety of ketchup? What do football players teach us about how to hire teachers? What does hair dye tell us about the history of the 20th century? In the past decade, Malcolm Gladwell has written three books that have radically changed how we understand our world and ourselves: *The Tipping Point*; *Blink*; and *Outliers*. Now, in *What the Dog Saw*, he brings together, for the first time, the best of his writing from *The New Yorker* over the same period. Malcolm Gladwell cuestiona el modo en que pensamos sobre obstáculos y desventajas, y ofrece una nueva interpretación de lo que significa hacer frente a una situación adversa. ¿Estamos seguros de que el poderoso siempre lleva las de ganar? Un libro magníficamente escrito sobre las poderosas ventajas de lo poco convencional. Hace 3 000 años, en un campo de batalla de la antigua Palestina, un pastor derribó a un poderoso guerrero valiéndose únicamente de una piedra y una honda. Desde entonces los nombres de David y Goliath se han convertido en el símbolo de la lucha entre el desvalido y el gigante. La victoria de David fue inverosímil y milagrosa. No debería haber ganado. ¿O sí? En David y Goliath, Malcolm Gladwell cuestiona el modo en que pensamos sobre obstáculos y desventajas, y ofrece una nueva interpretación de lo que significa ser discriminado, vivir con una discapacidad, perder a un padre o sufrir cualquier otro tipo de desgracia. Gladwell analiza el conflicto de Irlanda del Norte, la mente de los investigadores del cáncer y la de los líderes de los derechos civiles, el alto precio de la venganza y la dinámica de las clases que obtienen buenos resultados, y de las que no, para demostrar cuánto de lo que hay de bello y de importante en el mundo se origina en el sufrimiento y en la adversidad. En la tradición de sus anteriores bestsellers -Blink. Inteligencia intuitiva, La clave del éxito, Fuera de serie (Outliers) y Lo que vio el perro-, Gladwell recurre a la historia, a la psicología, a la ciencia y a su maestría como narrador para dar nueva forma al modo en que concebimos el mundo que nos rodea. ENGLISH DESCRIPTION Explore the power of the underdog in Malcolm Gladwell's dazzling examination of success, motivation, and the role of adversity in shaping our lives. Three thousand years ago on a battlefield in ancient Palestine, a shepherd boy felled a mighty warrior with nothing more than a stone and a sling, and ever since then the names of David and Goliath have stood for battles between underdogs and giants. David's victory was improbable and miraculous. He shouldn't have won. Or should he have? In David and Goliath, Malcolm Gladwell challenges how we think about obstacles and disadvantages, offering a new interpretation of what it means to be discriminated against, or cope with a disability, or lose a parent, or attend a mediocre school, or suffer from any number of other apparent setbacks. Gladwell begins with the real story of what happened between the giant and the shepherd boy those many years ago. From there, David and Goliath examines Northern Ireland's Troubles, the minds of cancer researchers and civil rights leaders, murder and the high costs of revenge, and the dynamics of successful and unsuccessful classrooms---all to demonstrate how much of what is beautiful and important in the world arises from what looks like suffering and adversity. In the tradition of Gladwell's previous bestsellers---The Tipping Point, Blink, Outliers and What the Dog Saw---David and Goliath draws upon history, psychology, and powerful storytelling to reshape the way we think of the world around us.

‘Opnieuw een alles-wat-je-dacht-te-weten-is-fout-pageturner van Gladwell.’ – Kirkus Starred Review Wat gebeurt er wanneer idealisten gedwongen worden de echte wereld te confronteren? De Bommenwerpermafia is een meeslepend verhaal over volharding, innovatie en de tol van oorlogvoering. De allesverwoestende bombardementen met brandbommen op uiteindelijk zeventig Japanse steden in het laatste jaar van de Tweede Wereldoorlog waren het geesteskind van generaal Curtis LeMay. Zijn nietsontziende pragmatisme en tactiek van de verschroeiende aarde kostten honderdduizenden Japanse burgers het leven. De

bombardementen dwongen het land echter wel op de knieën, en mogelijk werden er nog meer doden voorkomen door het afwenden van een al geplande Amerikaanse invasie. De voorganger van LeMay was generaal Haywood Hansell. Hij werd in oktober 1944 benoemd als commandant van de luchtmacht in de Pacific. Als lid van de zelfbenoemde 'Bommenwerpermaffia', een kleine groep idealistische strategen waaronder ook de van oorsprong Nederlandse ingenieur en uitvinder van de bommenrichter Carl Norden, was Hansell ervan overtuigd dat precisiebombardementen de vijand zouden kunnen verlammen zonder daarbij onnodig veel burgerslachtoffers te maken, en dat ze daarmee de sleutel waren tot het winnen van de oorlog. Maar zijn pogingen om de bommenwerpers precies op koers te houden mislukten telkens door slechte weersomstandigheden, aanvallen van vijandelijke straaljagers, afweergeschut en menselijke fouten. Al na drie maanden werd hij ontheven uit zijn functie en vervangen door de nietsontziende generaal LeMay. Maar wat als Haywood Hansell het commando over de luchtmacht in de Pacific had behouden en in zijn opzet geslaagd zou zijn? 'Een van de talenten van Gladwell is dat we de wereld beleven door de ogen van zijn personages [...] Hij is een geweldige verhalenverteller.' - The New York Times Book Review

Summary: David & Goliath by Malcolm Gladwell Whether a conflict is between two nations, two businesses, or even a person battling physical dysfunction, we tend to assume that the bigger and better armed of the opponents will take the day. That's why stories like the battle between Goliath and David capture our imagination - they are so remarkable. But Malcolm Gladwell proposes that we are missing out on the bigger picture - we assume too much about outcomes and miss some realities which paint a different picture. Certainly, Goliath presents an imposing threat, but he is generally not as invulnerable as we initially expect, and David is not without resources and options. In making this point in "David and Goliath: Underdogs, Misfits, and the Art of Battling Giants ", Gladwell reviews a number of underdog stories which illustrate his core message - that David is much more likely to succeed against Goliath than is generally expected - while providing insights into how each of us can find the resources needed to overcome our own Goliaths. Benefits of Swiftread summaries: Readability: clear, concise and well-written for easy reading. Retention: structured into logical sections and enhanced with bullet points, lists and quotations to maximize retention of knowledge. Review: provides a fast knowledge refresher when you need it. Eindelijk! Het langverwachte laatste deel van de Clifton-serie Tegen de achtergrond van wereldoorlogen, politieke schandalen en maatschappelijke onrust proberen opeenvolgende generaties van de familie Clifton hun weg te vinden. In een verhaal dat decennia en continenten omspant, laat Jeffrey Archer je meeleven met hun lotgevallen en brengt hij op grandioze wijze een voorbij tijdperk tot leven. Het leven lacht Harry en Emma Clifton eindelijk toe: Harry is bezig een boek te schrijven dat zijn magnum opus lijkt te worden, en Emma krijgt van niemand minder dan Margaret Thatcher een wel heel aantrekkelijk aanbod voor een nieuwe baan. Ook met hun zoon Sebastian en zijn vrouw Samantha gaat het goed, hoewel hun eeuwige rivale Lady Virginia nog steeds alles op alles zet om de familie een hak te zetten. Maar dan gebeurt er iets dramatisch dat het leven van de hele Clifton-familie op zijn kop zet... De pers over de boeken van Jeffrey Archer 'Een van de top-tien verhalenvertellers ter wereld.' Los

Angeles Times 'Archer is een meesterlijk entertainer.' Time 'Archers plots zijn vakwerk, je kunt niet stoppen met lezen.' Boston Globe 'Slimme plots, soepele stijl. Archer speelt een kat-en-muisspel met de lezer.' New York Times 'Een verteller in de klasse van Alexandre Dumas. Onovertroffen vakmanschap.' Washington Post
