"Giving Birth to New Beginnings," is basically about giving birth to new beginnings through the works of faith; in ones or many lives to bring about changes in their life's spiritually and naturally. Characters inside the book talk and pray about their trials and tribulations what they went through and how God allowed them to be born of his spirit and not of the flesh. All of the characters have sacrificed themselves as offerings to the Lord on the altar, by praying with an interception in the spirit. As well, they have released their duty of the flesh in order to gain the duty of the spirit. The duty of the flesh suits man, but the duty of the spirit suits the Lord. Through the nostrils of the Lord he smelled the characters' characteristics of their prayers and allowed them to be born of his spirit. Each character demonstrates their characteristics how they laid out on the altar, waiting upon the Lord to receive birth in the spirit.

Patriots or anarchist? Jeff (19) and Ann (18) were graduates of the Castleway Academy. Each swore their allegiance to the United States and the principles set forth in the Bill of Rights. They dedicated their lives, and the resources of the Academy, towards preserving democracy and protecting the individual rights guaranteed to all citizens under the U.S. Constitution. Americans were apathetic and permitted the government to compromise guaranteed rights by allowing the government, in the name of Homeland Security, to erode such simple things as privacy, gun rights, speech and assembly all for the greater good of the ruling political elite under the auspices of national security. Jeff and Ann create a random encryption interface which reencrypted data every second preventing unlawful spying by the NSA and drones. To awaken Americans, Jeff and Ann produced historically accurate video programs covering the Declaration of Independence and the U.S. Constitution. As citizens awakened, the political elite became the targets of questions and demands that individual rights be restored and the Constitution followed. The government, through Homeland Security retaliated and arrested Jeff as a domestic terrorist for producing the educational videos that enticed social disobedience in the name of liberty and freedom. The battle for liberty was reborn. New Beginnings is the first book in a trilogy that addresses government overreach, lack of transparency and the desire to stop fourth amendment violations by disabling drones and shutting down the NSA data collector.

This book carries out a comparative study of the US response to popular uprisings in the Middle East as an evaluation of President Barack Obama's foreign policy commitments. In 2009, Obama publicly pledged "a new beginning in US-Muslim relations," causing eager expectation of a clear shift in US foreign policy after the election of the 44th president of the United States. However, the achievement of such a shift was made particularly difficult by the existence of multiple, and sometimes conflicting, US interests in the region which influenced the Obama administration's response to the popular uprisings in five Muslim-majority countries: Egypt, Bahrain, Yemen, Libya, and Syria. After providing a detailed analysis of the traditional features of both US foreign policy rhetoric and practice, this book turns its focus to the Obama administration's response to the 2011 Arab Awakening to determine whether Obama's foreign policy has indeed brought about a new beginning in US-Muslim relations.
