This isn't investing-this is a game, and you have to look at it like a game. How do you learn the game? In my experience, the real reason why most traders lose money - and 90% of all traders will eventually lose money - is that they don't consider all the variables. You can't afford to make that mistake. You have to understand how Wall Street and all the characters involved work in order to adapt to change. The individual players and the stocks may change, but Wall Street never changes. For more information click on BUY BUTTON
