Een van de krokodillen was reusachtig. De andere was niet zo groot. 'Weet je waar ik vandaag zin in heb voor mijn middageten?' vroeg de Reuzenkrocodil. 'Nee,' zei de Nietzogrote. 'Waarin dan?' De Reuzenkrocodil grijnsde met wel honderd scherpe witte tanden.

'Voor het middageten,' zei hij, 'zou ik vandaag een lekker mals jongetje lusten.' Terwijl de Reuzenkrocodil allerlei stiekeme plannetjes bedenkt om zich te vermommen, schakelt de Nietzogrote gauw de hulp van de andere dieren in. Ze willen de Reuzenkrocodil tegenhouden op zijn jacht naar malse kindertjes... 'De Reuzenkrocodil' is volledig in kleur geïllustreerd door Quentin Blake. Kids who get called the worst names oftentimes find each other. That's how it was with us. Skeezie Tookis and Addie Carle and Joe Bunch and me. We call ourselves the Gang of Five, but there are only four of us. We do it to keep people on their toes. Make 'em wonder. Or maybe we do it because we figure that there's one more kid out there who's going to need a gang to be a part of. A misfit, like us. Skeezie, Addie, Joe, and Bobby -- they've been friends forever. They laugh together, have lunch together, and get together once a week at the Candy Kitchen to eat ice cream and talk about important issues. Life isn't always fair, but at least they have each other -- and all they really want to do is survive the seventh grade. That turns out to be more of a challenge than any of them had anticipated. Starting with Addie's refusal to say the Pledge of Allegiance and her insistence on creating a new political party to run for student council, the Gang of Five is in for the ride of their lives. Along the way they will learn about politics and popularity, love and loss, and what it means to be a misfit. After years of getting by, they are given the chance to stand up and be seen -- not as the one-word jokes their classmates have tried to reduce them to, but as the full, complicated human beings they are just beginning to discover they truly are.

Foreword by Colby Sharp In the decade since the first edition of Still Learning to Read was published, the prevalence of testing and the Common Core State Standards have changed what is expected of both teachers and students. The new edition of Still Learning to Read focuses on the needs of students in grades 3-6 in all aspects of reading workshop, including reading workshop, read-aloud, classroom design, digital tools, fiction, nonfiction, and close reading. The book stays true to its original beliefs of slowing down and knowing our readers, but it also takes into account the sense of urgency that changing times and standards impose on classrooms. This edition examines current trends in literacy, includes a new section on intentional instructional planning, and provides expanded examples of mini-lessons and routines that promote deeper thinking about learning. It also includes a brand new chapter on scaffolding for reading nonfiction and showcases the authors' latest thinking on close reading and text complexity. Online videos provide glimpses into classrooms as students make book choices, work in small groups, and discuss their reading notebooks. Expanded and updated book lists, recommendations for digital tools, lesson cycles, and sections specifically written for school leaders round out this foundational resource.
