Abraham Kuruvilla's *A Vision for Preaching* offered an integrated biblical and theological vision for preaching. *A Manual for Preaching* addresses the practical (and perennial) issue of how to move from the biblical text to an effective sermon. The author, a well-respected teacher of preachers, shows how to discern the text's theological meaning and let that meaning shape the development of the sermon. Clearly written and illustrated with Old Testament and New Testament examples, the book helps preachers negotiate larger swaths of Scripture and includes two annotated sermon manuscripts from Kuruvilla.

In 1948 the author of this volume was invited by the Education Commission of the Southern Baptist Convention to prepare a textbook on the Old Testament for use by college students. The book is intended primarily for students on the freshman and sophomore level. While some attention has been given to background materials such as geography and antiquities, the chief purpose of the writer has been to present the leading facts in the history of the Hebrew people as given in the Old Testament. This comprehensive study on the power of prayer designed to guide Bible students, church leaders, and all seekers into the effective and powerful discipline of prayer, uses classic sources, links the insights of those experienced in prayer throughout history, connects prayer and great spiritual awakenings, and inspires readers to strengthen their personal prayer lives.

Don and Karen Clifford put God's promises to the test when they found themselves in storm after storm as they lost three small children to accidents and disease. These life-long Christians tell their inspiring story and share the lessons and insights they gained as they found God's grace to be sufficient. Here is what

some Christian workers have to say about Grace Enough for Three. Few have experienced the sorrow of Don and Karen Clifford with the death of three small children at different times as well as two miscarriages. Most marriages do not survive such tragic events. Don and Karen are testimony to the biblical truth that God's grace is sufficient in the darkest hours of life. They are a joy filled couple faithfully serving the Lord. Their faith and faithfulness are an inspiration to others. When I read their story it became the seed for a series of messages on THE SUFFICIENT GRACE OF GOD. Their story will challenge you to overcome the difficulties in your life by trusting in God's sufficient grace. Dr. David Sheppard, Senior Pastor First Baptist Church St Charles, Mo. As I read "Grace Enough For Three," I was totally captivated, reading deep into the night and early mornings. "Grace" reads almost like fiction - but it most certainly isn't fiction. Don and Karen lived every moment of this fascinating and riveting story. In their lives, through their pain and oft times lack of understanding, they learned much about God's wonderful love and grace. Our thanks to Don and Karen for allowing us to be a part of their experience, for a look at how God can work in mysterious but marvelous ways in the lives of his children. Dr. M. Dale Allen Professor of Bible Missouri Baptist University

The plans for this book began several years ago as I personally sought quality resources for my work with grieving families. With such an abundance of homelectical materials in general, I was concerned that there seemed to be very little to offer guidance for the funeral setting. The goal of this book is to provide resource material for a setting that has so much potential for ministry. - From the Preface.

States effectively ended the disputed presidential contest between George W. Bush and Albert Gore Jr. with a 5-4 ruling that revealed the court to be as bitterly divided as the electorate. Four days earlier, the Florida Supreme Court had abruptly changed the dynamics of the election by reversing a lower court and ordering hand recounts of "undervotes" statewide. The U.S. Supreme Court quickly stepped in to halt the recounts and agreed to hear *Bush v. Gore*. After brief oral arguments and a short period of deliberation, the high court reversed the state court decision. The justices in both cases were bitterly divided, and passionate language emerged in both the majority rulings and the dissents. The drama and divisiveness of this extraordinary saga come to life in the rulings, opinions, and dissents from these two cases: U.S. Supreme Court case 00-949 (*Bush v. Gore*) and Florida Supreme Court case 00-2431 (*Gore v. Harris*). The first section of this volume gathers the complete text of both rulings, along with selections from oral arguments in the U.S. Supreme Court case. The second section of the book gathers the most significant opinion pieces from journalists and scholars on both sides of the political fence. Selected and organized by political analysts E.J. Dionne and William Kristol, these articles illuminate the perspectives of both sides about the various twists and turns in the post-election campaign, and the landmark judicial intervention. A companion website will provide links to documents from additional legal proceedings and other related documents and writings. The legal and historical significance of the 2000 election will be studied and debated for years to come. This volume combines the
