Be courageous enough to follow them right now and put in the investment.Money Secret #2 - Don't OVER InvestAt the same time...you should never swing for the fences when it comes to investing. It's okay if you're not sure how. It

Money Secret #3 - Money Is Simply A ToolThe media portrays money as the root of all evil...how it corrupts the rich and tortures the poor.No. Money is more like a double-edged sword. If you earn a lot of it AND use it responsibly...it can do so much good for your community. But it can also tempt you to cross moral and ethical lines out of greed. So be careful.

Money Secret #4 - You Don't Know What You Don't KnowEarning, spending, saving - it all starts with having enough knowledge of money and finance.You have to read the right books, listen to the right voices, and be receptive to new information or insights. Remember that anything you don't know may come back to bite you...and you may not even see it coming.

Money Secret #5 - Learn From People Who Have Made MoneyLet's say you wanted to climb Mount Everest. Who do you think would be more helpful in that regard: (A) someone who studies mountains and climbing but never climbed Everest or (B) someone who already did it?It's a no-brainer. You'd rather learn directly from someone who experienced the same journey you plan to take. They'd be more credible. They'd know all the highs and lows you ought to expect. So it's the same deal for learning how to build your wealth.

Money Secret #6 - Find A MentorIf you're truly committed to your money goals...you want guidance from the best mentor you can find. People rarely reach the top of

anything without somebody else's help. You need solid mentorship - and you'll need to pay for it. Don't expect others to offer their expertise for free.

Money Secret #7 - First Figure Out Where You Want To GoI'm a firm believer in setting yourself specific goals. Clear destinations. They make it much easier to map out a good path so you're unlikely to stumble along the way.

How much do you want to earn per year? How much would you want in your emergency fund in ten years' time? Those are the questions you should think about before doing stuff with your money.

Money Secret #8 - Do What You LoveWhat do you love to do? Money -- What is it really worth? Who decides what it is worth?

There are specific laws that many billionaires in the world, from the United States to China, including Europe and other continents, follow in order to obtain their

fortune. Every day, even as the economy shows instability and experiences downturns, many new billionaires are made. And they have things in common, no matter how old or young they may seem. They share the same paradigm about how to make money, and their habits match money making laws. Bill Gates, Steve Jobs, Sir Richard Branson and many others, have secrets they've learned through hard work, accumulated failures and life experience. We admire the personality of successful individuals and what they do, not knowing that behind them there are spiritual laws that cross time and have been with us for millions of years. Gaining profit in any activity has always been submitted to the same codifications, God's codes. And, they're related to the laws of energy and karma. The theory of the law of attraction isn't anywhere near showing us these codes or explaining them. Besides, science and, more precisely, mathematics and physics are still closed inside numbers and molecules, not really allowing the common citizen to apply such principles in his daily life to change reality. In fact, there's no interest in providing society with the power to change reality with precise and scientifically proven formulas. On the other hand, why would millionaires, spending their life struggling to get this knowledge, give it to you for free, while making you a potential competitor of what they fought so hard to achieve? These are top secrets, greater than any others, because, money,

whatever you may have heard about it, is power, at least in our physical world. Nonetheless, this thing that we call money, follows, as anything else in this planet, divine laws, because this world has specific rules with specific purposes as well. And, independently of how much a country may be misguided by its culture or government, these laws still apply. After years studying the law of attraction profoundly and with the help of the best teachers in this field, studying religious philosophies with some of the fastest growing religious societies, and learning some of the most well-hidden spiritual secrets about money, both in close door meetings for a few selected individuals and with some of the biggest world billionaires currently living in Asia, the final point that allowed me to combine this entire data under one single guideline was reached. Furthermore, I would probably never truly understand the application of many spiritual theories, if I hadn't seen how they apply in, for example, an Indian business owner that got rich after three bankruptcies, or billionaires in China and Singapore, that built their entire fortune out of nowhere, with no help, no education or even money in their pockets. Observing how fast these individuals can double, and even triple, their income, in just a few weeks or years, leaves no doubt regarding the power of these laws and their truth, despite what the majority may think about it. Besides, it's only normal that most people won't ever agree with these

principles, and will even criticize and mock them, as that's why they don't control the flow of wealth as some do. The ones we call the 1% aren't the 99% for a very important reason. The time has come to reveal these secrets and this book is very likely one of the most resumed and clearer about this issue that can be found. It has actually been advertised as the best book about money ever read, by experts in finance, managers of international banks and stockbrokers, promoting it online as an interesting and inspirational work.

You already know that "One Man's Junk is another Man's Treasure", but just how would you go about making money from it? And, I'm not talking about 'chump change' either – how about HUNDREDS and even THOUSANDS of dollars per week! That's just what I did – I started out with NO MONEY TO WORK WITH to get started, and turned a PILE OF JUNK into \$72,864.29 in just under three months! In fact, I started in the 'junk' business because I just got fired from my job and needed some way to feed my family – and I needed something fast that had to turn some cash quickly. I had to learn how to make money from 'thin air' – and you can do it too – without leaving your current job! It isn't hard, you just have to learn what it takes to make it happen. Oh, I had a big hang-up about being a 'junk dealer' – after all, who wants to deal in junk? Junk dealers live in ratty houses, have trash laying around everywhere and are always

poor (like in the TV show Sandford and Son), right? I guess that is possible, but there is another side to it... Here's what I discovered; + A system of 'junk to cash' that works – time and time again + Where to find junk that sells quickly + How to make even more money – by taking out the trash + 4 of the best places to look for high-value, quick-sell junk + Types of junk that others will buy from you for \$\$, but you should throw away + Who to deal with to get all the junk you can handle Now, that's just a taste of what I was forced to learn quickly. I mean, I had no money, having been laid off from my job of over 12 years. The company closed quickly and there was nothing else available in the area doing a similar job – I had to work fast. But, I got lucky. I found a man that taught me the ropes – the 'insider secrets' to making money in the junk business. He had been in the business for about 20 years and wanted me to work a different area he couldn't physically reach any longer. Since I lived in between his house and the junk, he agreed to teach me all the details of the business, work with me on putting the deals together and show me just how he did his business. Some of the things I learned from this long-term professional; + What to say to make your best deal + Powerful methods to quickly get you into those places that tell you 'NO' + The best people to contact to get the best junk FOR FREE + The people you want to avoid if you can – and what to say to them if you can't + How to make offers that

work for everyone + How to make a lot more money from choosing the right junk
We began to work together. He gave me some super tips to get started quickly and I went to work. Once I made some contacts, he told me what to do to turn them into deals. A short time later, I made a deal and got some junk. He helped me pick it up, showed me how to sell it quickly and then we divided the money. I'd made \$72,864.29 in just under three months... Even more money than I was making at my job – and not even 1/10 th the hours! Oh, my 'mentor' took a healthy cut – in fact, a 'very healthy' cut – of the profits. Of course, he had taught me a lot – things that would have taken me a long time to figure out for myself, and we both made some great cash in a short amount of time. I soon learned what to do for myself, and no longer needed him. But, I retained all that I learned and was well on my way to having my own junk business. And, I'm passing all these secrets on to you! + The exact statement to get tons of free junk that you can sell for \$\$\$\$ + A systematic method of offering that assures you make the maximum money + A super-quick method of finding out just how much your junk is really worth + A simple, 'secret' mathematical formula to find the 'magical selling price' for anything + The most vital rule that you absolutely must learn to supercharge your sales + The 'insider's formula' that guarantees you will make profits every time After learning all this, I went on to make my 1st deal

without him – all alone in the world. I was really scared to venture out on my own, but I took the ‘step’ and found out a really important lesson; You don’t have to do it alone – if you rely on a time-tested system By relying on what I had already learned, and following the same techniques over and over again, I was able to step out and bring in tons of junk – all by myself! All it took was a bit of time to talk with people and find out what they have available, then work out a deal and go get the junk! Of course, then I had to sell it, but again, I followed the same path that I had learned from my coach and following through it, step-by-step, I was able to get rid of the junk quickly and started bringing in tons of cash in just a couple days. Continuing on the process, I was able to feed my family, put some cash in the bank and even increase our lifestyle – going on vacations, having nicer things and living like we never imagined before. I had such success with our junk that I even got a warehouse that stayed full of big-cash items that could be sold anytime for some instant \$\$\$. Of course, all my shelving, packaging and shipping equipment was all picked up FOR FREE – all in taking care of the junk business – I picked up all the ‘business stuff’ I needed – and never paid ONE CENT for it (now, don’t go telling the IRS! ;) I got so successful at it that my friends and family members wanted to know just how I did it. They, too, wanted the ‘insider secret’ to making buckets of cash with little effort – and certainly

stopped laughing about me being in the 'junk' business. That's when I started putting it all into a book. And, now, you can get all the secrets to making big bucks in Junk for yourself! Here's what I've included; + You'll learn a simple formula that few know about – and why those that don't know it continue to lose money while you rake it in like a street sweeper after a sporting event. + The #1 secret to getting MORE FREE junk than your competitors. + A super-fast way to learn negotiation skills – without losing your money + Details of the best places to look for junk – what to take and what to leave alone! + My favorite junk and where I find tons of it + Ways to tell if it is a good buy, now and in the future I know, this sounds like a pile of stuff to learn, and you think there's probably a month's worth of reading and studying to do before you can start to make even the first dollar in your junk business... Far from it! I've made this a concise manual – a 'quick-study' course that anyone can understand in just a short amount of time. A way to put those that want it into business quickly and get that cash rolling in – really FAST! Start Immediately And, I'm not going to take a bunch of your time reading this letter. Yeah, I've seen those pages on the Internet too – those that go on for pages and pages, talking about little or nothing – working words and emotions to get you to buy something you don't really need. I'm not that way. I believe that you already know that there are lots of

methods to make money, that there are ways to make money from what others throw away. You just may not know how to do it yourself and what to do to really bring in the bucks – that’s what you’ll learn in this manual. Maybe you’re just not sure YOU can do it – well, I’m here to tell you that, following the system that my mentor laid out for me (at a cost of several thousand dollars!), you, too, can bring in hundreds and thousands of dollars every month – depending on how much time you want to put into it. You can start, right now, and be putting cash in your pocket from JUNK very quickly (how’s this weekend sound to you?) All it takes is for you to get my manual, read through it and take some action – following all the tips and tricks I’ve outlined for you. Yeah, some of this is ‘common sense’, but unless you know how to maximize your time, energy and efforts to monopolize on it, common sense will bring just the same type of results – common! Now, that’s not what I want for you, and I’m sure it is not what you want for yourself. If you are looking for ‘common’ results, I don’t want you to even think about getting my manual – heck, why waste your time or mine if you aren’t serious about making buckets of bucks – even if it comes from selling ‘junk’? In my opinion, when the money comes in, it doesn’t matter what brought it in, just that it got brought in. If you can make thousands from ‘trash’, what difference does it make, really? A good deal that can bring you lots of \$\$ doesn't come along every

day and you have to know when to take action and when to move on it to make your best offer. So, enough already! Let's get you going, right now! Pick up my Making Money From Junk manual – the quickest method to truly 'clean up' on junk – like a street sweeper. Now, I know – you've read all about 'guarantees' on the Internet tons of times. Well, I'm not going to give you one at all – how about that? I don't know how you will work, what you will do or even if you will ever take action on what I tell you at all – so, how could I promise you will ever make even a penny from what I teach you? But,... You will make money from this information. All you need to do is follow along with what I'll outline for you, step-by-step. It might take you a day, a week, a month or even more before you find your first deal (and certainly it will if you spend your time watching TV instead of building your business – by the way, "watching TV" is not on the list of 'To Do' things in my manual!), but **YOU WILL MAKE MONEY FROM THE INFO PROVIDED**. What are you waiting for? Get my manual on Making Money From Junk – all you need to know to get going right away to make your share of the tons of stuff that many people are letting just sit on their shelves. I'll show you how to talk with the right people – what to say and when. You'll get everything in one manual – everything to get you making cash quickly. All this for \$14.97!! information. Certainly not the thousands it cost me to acquire it. Why would I do that? Why would I almost give this info away? You know, I'm not really sure. I guess I just want to get more of this information out there – this 'secret to making money out of thin air' that made me tons of cash. Heck, I'd give this info away if I knew it would help, but I know one thing – if you don't have some sort of 'skin in the game', you will not feel like there is any value and you will never take any action to gather up all the cash that you can from this info. Now, I know you are getting a heck of a deal here and here's what I want from this... I want you to pass on a portion of the success you get from your first deal. No, I don't want it myself, and I don't even want to tell you where you are going to place it. All I want from you is to give 10% of your first junk deal to some charity. Donate it in your name or mine (if you like) – I don't care. You see, I know that those of us that give back to our community will reap the rewards of it dozens and dozens of times over. And, what I'm doing by giving you this manual at such a ridiculous price is my way of 'giving back' to the community – your community, of you and your family. Now, it is your turn. Click the link, enter your payment info and follow the instructions to download the manual. Read it – all the way through, and see how simple it is to Make Money From Junk. Then, go out and make some deals. Take just 10% of the first one and give it back to your community – somewhere.

the best source of income I've seen for all bloggers. NO PRIOR EXPERIENCE REQUIRED. ALL INSTRUCTIONS ARE FULLY DETAILED AND STEP-BY-STEP SO ANYONE CAN FOLLOW THEM EASILY. Online passive income is the ultimate dream. Making money while you sleep. Everybody wants it. But is it really possible? The short answer is "YES" The longer answer is "yes, but it isn't easy to accomplish." If it was, wouldn't everyone be doing it? In my ebook, I give you a step-by-step plan on how to develop a passive income online business and show you how making money online actually works (with links to supporting lessons for extra clarity). The specific plan I teach is designed to make you \$5,000+ per month in passive income earnings, based on Blogging, Affiliate Marketing, Freelancing and Selling of Digital Products. Once you understand the process though, you can decide to work with any of them or with all. When you stop is up to you (and yes, there are people making tens of thousands of dollars per month on the Internet based on these concepts- they just love the work and don't ever stop. What's great about the business plan

that I teach you is not only the income level you will accomplish if you follow through, but all that you will learn in the process. The skills you learn in this ebook will enable you to build all kinds of online businesses and open the door for all kinds of entrepreneurial projects you may have. Not only that, you will be able to evaluate business ideas much more intelligently once you've gone through this whole process. You will understand the fundamentals of keyword research & analysis, traffic & lead generation, social & affiliate marketing, monetization & conversion testing, and traffic analysis. These skills will help you immensely in ANY business you ever decide to start (online or not, passive or not). Generating an online passive income won't happen overnight and takes a lot of hard work, but going through the process is completely worth it and having an exact plan of action is the ONLY way to ensure success. Let me put it this way: if you were offered no pay for six months for 40+ hours of work per week, but after those six months, you got \$5,000+ per month for the rest of your life, would that be worth it to you? If that idea isn't unbelievably exciting to you, then this isn't the business for you. This isn't a get rich quick scheme. This is a business. Except with this business, instead of trading your time for money (like most jobs), you are investing your time. You work hard now and continue to reap the benefits indefinitely. Building an online business takes a lot of work and a lot
